Spots fill fast, so sign up right away! This camp is suitable for riders with no experience, some experience, or more advanced riders in this age group that just want to have a great time! Focus will be on basic horsemanship, fundamentals of riding, basic horse care, and lots of fun games and crafts!

Week 3 IEA Themed camp - Are you interested in being involved in a team sport with a horse? Are you interested in horse showing but don't have a horse of your own? IEA was created to help riders get to be involved in a team sport without the costs of having to own a horse. IEA starts at the walk trot level and goes up through jumping 2'6". This camp is geared for campers entering into grade 4-12. We will help campers learn about IEA, and they will get a little experience of what it's like to be on an IEA show team. This camp will focus on equitation- IEA flat equitation class, trot or walk a pole courses, x-rail courses for riders that are suitable to jump (Beginner riders definitely ok for this camp). We will also go over basic show ring etiquette, how to read jump courses, and go over what it's like to be on an IEA show team. The final day will culminate with a mock IEA horse show. For more info on IEA check out our IEA page on our website.

Come have fun with us on the farm!
